Celebrating cooperation across cultures and age groups.

Birralee International School Trondheim and Kalvskinnet Primary School have long traditions of working together to the benefit of both students and staff in both schools. Our Art Festival offers unique possibilities for our students to experience a wealth of cultures and traditions through cross-cultural cooperation in mixed age-groups together with teachers and staff from both schools.

Our Art Festival is multicultural and bilingual and the students will participate in a variety of activities ranging from concerts and dance performances, visual art, music and drama.

The students of Birralee and Kalvskinnet will take part in several workshops enjoying activities such as printing, cooking, dancing, songwriting, designing, and many other exciting and rewarding activities throughout the three days of workshops.

We will cooperate with Trondheim School of Music and Art to provide a circus workshop for the senior students. Trondheim Cathedral School's dance students will give a dance performance for the all the students and also provide a workshop for the students in the senior departments afterwards.

On Thursday students are invited to a lunch buffet and on Friday this years art festival will end with an assembly for Juniors and Seniors.
