

'Tis the Season for

Birralee's Holiday Concerts

Join us as we celebrate the Holidays and our students' achievements! Come and experience Birralee's traditional Holiday performances; an evening of music and theatre presented by our children. They have all been involved in developing the different performances. They have worked hard to be able to show you their best and to enjoy the thrill of performing on stage together with their friends.

At Birralee we believe that working together towards a production and building confidence through performing are important skills for children to learn as early as possible. Storytelling and singing songs are vital elements of language building and create many opportunities for active language use for the children.

We are proud of our 38 year long tradition of producing plays and musicals for the Birralee children and their families. Come and enjoy this year's performance for your age group. **Please note that, due to limited capacity this year, the performances are reserved for the parents of the performing classes.**

Admission Fee: 50 NOK per family for the whole week, regardless of the number of performances you attend. The fee will be collected at the door by the Parents' Committee. The Parents' Committee will also organise parties after the performances.

Thursday, December 8 at 18.00, building 3

The Santa Quest

Reception Class, Year 1, Year 2
